

RESIDENTIAL NEW CONSTRUCTION PROGRAM

2019 PROJECT APPLICATION

INSTRUCTIONS:

- The Residential New Construction (RNC) program is available to customers building a home or significant rehabilitation project within the residential service territory of United Illuminating, Southern Connecticut Gas and Connecticut Natural Gas (collectively, "UIL"), subsidiaries of AVANGRID, Inc., and The Connecticut Light and Power Company and Yankee Gas Services Company, both doing business as Eversource Energy ("Eversource" and with UIL, "Utilities"). Customers are eligible to participate in the RNC Program only if Eversource or UIL is the electric service provider. To apply, the Applicant must first fill out the project contacts and project information below. Then, with guidance from the Applicant's hired Home Energy Rating System (HERS) Rater, review the section "HERS Rating Path" to determine the HERS tier for which the project will be eligible. A certified Home Energy Rating System (HERS) Rater must be contracted by the Applicant. A list of HERS Raters and a description of what is included in their services can be found within the Residential New Construction portion of EnergizeCT.com.
- Please complete the **INITIAL PLAN** sections, sign the **ACCEPTANCE OF AGREEMENT** section on the second page of this form, and submit to the applicable Utility indicated at the bottom of this page **PRIOR TO INSULATING THE HOME**. If natural gas will be used as a heating source for the project, please also send the completed application form to the applicable natural gas company Utility as indicated at the bottom of this page. If the Applicant is not the homeowner, the homeowner's signature must also be obtained. If the homeowner is not yet known, the current property owner's signature is required. For multifamily/multi-unit projects, only one application is necessary for groups of units with similar characteristics. **FILLING OUT THIS FORM DOES NOT AUTOMATICALLY QUALIFY YOU FOR THE RESIDENTIAL NEW CONSTRUCTION PROGRAM.**
- Upon submitting the application, the Utilities will review the application and sign it if the requirements have been met. If they have not or if additional upgrades can be made, the Utility will contact the Applicant to discuss all options. The Applicant is not bound to the initial specifications; however, any changes are still subject to the minimum requirements listed on this application.
- Once the home is complete and a final inspection has been completed by a HERS Rater, the Applicant and HERS Rater are responsible for submitting the "As Built" required paperwork within two months of completion or the rebate will be forfeited. A HERS Rater may submit the Application on behalf of the Applicant. Once all paperwork has been submitted and the package has been reviewed by the Utility, the payment may be processed and paid **TO THE APPLICANT** by UIL and/or Eversource (Applicant might receive separate checks from each Utility). Please review the 2019 Residential New Construction Program Requirements and Submission Checklist document for a full listing of required documentation.

Send your completed application to the following address(es) as it pertains to your residential electric and gas service territory:

Eversource
 107 Selden Street, Berlin, CT 06037
 Contact: Nicholas Jones
 Email: nicholas.jones@eversource.com
 Phone: (860) 665-5825, Fax: (860) 665-3030

or

United Illuminating, SCG, and CNG
 60 Marsh Hill Road, M/S 3, Orange, CT 06477
 Contact: Glen Eigo
 Email: glen.eigo@uinet.com
 Phone: (203) 499-3127, Fax: (203) 499-2800

You may be eligible for federal tax credits. Please refer to www.energystar.gov for more information.

RESIDENTIAL NEW CONSTRUCTION REBATE PATHS

Below is the rebate path for which the Connecticut Utilities will provide rebates on residential new construction or significant rehabilitation projects in order to participate, the Applicant, at their own expense, must hire the services of a HERS Rater to complete the necessary energy modeling inspections and testing of the home. A list of certified HERS Raters can be found at EnergizeCT.com

Check the boxes below to indicate which track the home will follow and fill out the initial plan section:

<input type="checkbox"/> HERS Rating Path <input type="checkbox"/> High Performance Certification Bonus Rebate	INITIAL PLAN (BEFORE CONSTRUCTION)	AS-BUILT (POST CONSTRUCTION)	
	HERS Index (as Designed)	HERS Index (as Built)	
	Applicant Rebate	\$	Applicant Rebate
			\$

HERS RATING PATH*

Tier	HERS Index	Single Family	Single Family Attached	Multifamily
		Applicant Rebate	Applicant Rebate	Applicant Rebate
Tier 1	51-60	\$3,000	\$2,000	\$1,500
Tier 2**	41-50	\$4,000	\$2,500	\$2,000
Tier 3**	40 and below	\$4,500 plus \$50 per point below***	\$3,000 plus \$40 per point below***	\$2,500 plus \$25 per point below***

BONUS INCENTIVES

HIGH PERFORMANCE CERTIFICATION BONUS REBATE

High Performance Certification Rebate Chart

Requirements	Qualifying Certifications (please check all that apply)	Single Family	Single Family Attached	Multifamily
		Applicant Rebate	Applicant Rebate	Applicant Rebate
1. Must provide all proper documentation for certification. 2. Passive House Certification Bonus Project Cap is \$30,000; All Other Certification Bonus Project Caps are \$20,000. 3. Rebate is available for up to 2 certifications per home. 4. All projects must provide HERS Rating documentation from HERS Rating Path participation, above.	<input type="checkbox"/> Passive House	\$750	\$500	\$500
	<input type="checkbox"/> ENERGY STAR® <input type="checkbox"/> LEED for Homes <input type="checkbox"/> National Green Building Standard (NGBS) <input type="checkbox"/> DOE Zero Energy Ready Home	\$500 per home	\$250 per unit	\$250 per unit

* Please refer to the "2019 Residential New Construction Program Requirements and Submission Checklist" found on EnergizeCT.com. All program requirements must be met in order to qualify for Rebates. All homes in UIL and Eversource territory, heating with natural gas and electric are eligible for the full Rebate amounts listed. For oil and propane heated homes, the rebate amount will be reduced by 50%.

** Homes applying/qualified for Tier 2 and 3 HERS Rating must meet the 2019 Zero Energy Ready Home PV-Ready Checklist (Connecticut Version). Details are listed on the "2019 Residential New Construction Program Requirements and Submission Checklist".

*** The Rebates for \$50, \$40, and \$25 per point below are capped at a HERS zero and are only for homes that achieve a HERS 50 index before renewables are added to the project.

SUMMARY OF REBATES: TOTAL FOR ENTIRE PROJECT

Measures	INITIAL PLAN	ESTIMATED TOTAL	AS BUILT	INSTALLED TOTAL
HERS Rating	Applicant Rebate	\$	Applicant Rebate	\$
Bonus High Performance Certification	Applicant Rebate	\$	Applicant Rebate	\$
	Estimated Total (For the Entire Project)	\$	Estimated Total (For the Entire Project)	\$

NOTE: RNC projects where residents meet state limited income eligibility requirements (60% state median income) will receive an additional 25% bonus rebate for all qualifying measures on this application.

ACCEPTANCE OF AGREEMENT

A signature by all parties indicates that the Applicant's information has been received and that the characteristics listed on the application either meet the RNC program's requirements for the specific rebates for which the Applicant is applying or have been discussed by the Utilities and Applicant. The initial signatures do not bind the Applicant to participate in the program. The signature by the property owner (if not the Applicant) ensures that he/she is aware that the builder, vendor, or other third party is participating in this rebate program and will receive the rebate payment should they meet the necessary criteria. He/she is also aware that a second application may not be submitted for the same property. This application expires 2 years from the date of approval by the Utility Program Administrator.

TERMS AND CONDITIONS

These Terms and Conditions are a part of the Project Application for the project listed on this application. Project Application must be submitted prior to completion of home. Necessary inspection may be conducted when measures have been installed.

Applications must be signed by the Utilities regardless of the electrical and natural gas service territory the project will be located within. This Project Application is in effect for 2 years following the date of acceptance of the Project Application by Eversource/UII. All homes must be completed and ready for inspection within 2 years of the date of acceptance to be eligible to receive any rebates on this application. Any homes not completed within 2 years of the date of acceptance by the Project Application by Eversource/UII may be subject to changes in the program. Applicants in the Residential New Construction Program may not apply for any additional rebates through the Energize Connecticut (Energize CT) residential programs as part of the same home construction which include, but are not limited to, the Upstream HVAC/water heating instant discount program at participating equipment distributors and retailers statewide.

The Builder/Homeowner agrees to allow Eversource/UII and its agents access to the project for the purpose of conducting a Project Inspection(s) to confirm the home(s) has/have been constructed with all of the energy-saving characteristics, materials, and equipment listed on the Project Agreement Form(s). All measures must be installed in order to qualify for rebate.

The HERS Rater represents that the project meets all of the national requirements associated with RESNET® approved HERS Rating or the respective certification (ENERGY STAR®, LEED, Passive House, NGBS, DOE Zero Energy Ready) that the project is achieving. The HERS Rater represents that the information in the final REM™/Rate file is accurate to the As-built condition of the home. The HERS Rater for the project must be on the CT Residential New Construction Program list of Certified HERS Raters, or must be listed on the Energize CT or the utility company websites.

If a HERS Rater submits information in the final REM™/Rate file that does not accurately represent the as-built conditions of the home, the RNC Program will remove the HERS rating company from the List of Certified HERS Raters in the RNC Program and the HERS rating company will no longer be able to perform HERS ratings through the RNC Program.

Copies of all receipts with equipment make, model, and size documenting the installation of the equipment once the project is complete must be submitted. Equipment includes insulation, HVAC and geothermal machines, and hot water heaters. Rebates will not be paid until all appropriate paperwork has been submitted. In the case of HERS rated homes, an electronic REM™/Rate file and HERC must be submitted. Please see the "2019 Residential New Construction Program Requirements and Submission Checklist" for a full list of requirements.

The payment of the rebates shown on the Project Application is contingent upon the home(s) being constructed with all of the energy saving characteristics, materials, and equipment listed in the "As Built" portion of the Project Application form(s). Rebates are subject to change at any time without notice. It is the responsibility of the applicant to select and pay the services for a certified HERS Rater.

Applicant understands that all funding for rebates under this program derives from the Energy Efficiency Fund which is managed, in part, by Eversource and UII and funded, in part, by their customers. Neither Eversource nor UII guarantees the availability of funding for this program and neither is responsible for any costs or damages incurred by applicant if funding for this program or the Energy Efficiency Fund is reduced or eliminated by the State of Connecticut, the Public Utilities Regulatory Authority or other State of Connecticut action. Funding is subject to change at any time without notice.

Eversource/UII assumes that the signed applicant is the party to be paid, and therefore will make the check payable to him/her. Only one payment will be issued for qualifying rebate for a given unit. A W-9 form must be submitted at time of application indicating who the payment will be made out to. Builders/owners/vendors will not be permitted to apply separately for the same rebate. These rebates may not be combined with any other utility or energy service offer.

FORWARD CAPACITY MARKET AND CLASS III CREDITS:

ISO-NE CAPACITY PAYMENTS: By signing this document, and as a condition to receiving a rebate pursuant to this program, the customer acknowledges and agrees that any and all payments, benefits and/or credits associated with or applicable to the customer's participation in the program that is the subject of this Agreement in connection with the ISO New England, Inc. Forward Capacity Market ("FCM") or any existing, successor or replacement markets, (including, but not limited to, any and all transitional FCM credits or payments or any and all other capacity-related credits, payments and/or benefits for which such customer is eligible) shall be deemed as and for capacity payments, credits and/or benefits of Eversource Energy (Eversource) or United Illuminating (UI), as applicable. The customer hereby assigns to Eversource or UII, as applicable, all of its right, title and interest in and to any and all such capacity payments, credits and/or benefits, and agrees to take any and all action, including executing and delivering any and all documentation and/or instruments, as requested by Eversource or UII, as applicable, to evidence the same. FCM means the market for procuring capacity pursuant to ISO-NE Tariff, FERC Electric Tariff No. 3, Section III, Market Rule 1, Section 13, any modifications to the FCM, or any successor or replacement market/capacity procurement process.

Any Class III renewable energy credits and/or conservation credits received in connection with this program shall be retained by the Companies pursuant to the laws of the State of Connecticut and/or applicable PURA decision in effect as of the date hereof.
