

2019 EXPRESS SERVICE LIGHTING REBATE FOR COMMERCIAL AND INDUSTRIAL CUSTOMERS

Valid for all The Connecticut Light and Power Company dba Eversource Energy ("Eversource"), ("Participating Utility") commercial & industrial customers ("Customer") who purchase and install eligible lighting on or after January 1, 2019, through December 31, 2019.

All rebate applications ("Application") and required documentation must be received no later than January 31, 2020.

All Eversource customers must have a commercial revenue code on their account to be eligible for rebates.

TO APPLY FOR YOUR REBATE, READ THE PROGRAM TERMS AND CONDITIONS ON REVERSE BEFORE PROCEEDING.

Instructions

Fill out this application completely with required documents.

Complete the online application at EnergizeCT.com/businessrebates

Or mail to:

Eversource Energy
PO Box 2020
Hartford, CT 06144

or businessrebates@eversource.com

The utilities reserve the right to inspect any project at its discretion.

For rebates over \$5,000, please call to schedule Pre- and Post-inspection 877-WISE-USE (877-947-3873).

EXAMPLES: HOW TO FILL OUT THE LIGHTING REBATE APPLICATION

EXAMPLE: LIGHTING FIXTURES AND LAMPS

Write out the lamp description or use fixture codes from the document.

Existing Lamp/Fixture			Annual Hours of Use	New Lamp/Fixture					
Quantity	Description of Fixture	Watts/Fixture		Quantity	Description of Fixture	Measure Code	Watts/Fixture	Rebate per Fixture	Total Measure Rebate
30	3 Lamp, 4 Foot T8 Fixture	88	2,187	30	2x4 LED Fixture Standard	74	40	\$30	\$900

EXAMPLE: LIGHTING CONTROLS

1	3 lamp, 4 foot, T8 No Controls	96	2,187	1	Wall Mounted Occ. Sensor	51A	96	\$20	\$20
For Existing Quantity , enter <i>Annual Hours of Use</i> .			For New or Final Quantity , enter <i>number of fixtures controlled and average wattage of fixtures controlled</i> .						

Fixtures & Retrofits: Questions regarding how to complete this form or status of your claim, call 877-WISE-USE (877-947-3873).

Existing Case			Annual Hours of Use	New or Final Case					
Quantity	Description of Old Fixture	Watts/Fixture		Quantity	Description of New Fixture	Measure Code	Watts/Fixture	Rebate per Fixture	Total Measure Rebate
TOTAL REBATE								\$	

If rebate is over \$5,000 a pre-inspection by the utility is required. To schedule a pre-inspection call 877-WISE USE (877-947-3873).

Customer Certification Agreement (Please Read Carefully)

By signing this form below, I certify that all of the information described on this Application and all documents provided with this Application are accurate and true and that I have read and understand the TERMS AND CONDITIONS in this form. I agree to a verification by a Utility representative of both the sales transaction and product installation and also allow Utility access to pre- and post-monitor the installation. By signing this Application, I further certify that the qualifying Equipment will be installed for use in the Connecticut address stated. Falsifying any of the above information will void this rebate application and any future rebate applications.

67	LED Retrofit kit, >25W	10	\$25.00	Energy Star

Table C: Lighting Sensors

Measure Code	Measure Description	Minimum Watts Controlled	Eligibility Criteria	Incentive	Required Certification
50	Ceiling Mounted Occupancy Sensors	100	Ceiling mounted control with no manual "ON" overrides. Comply with manufacturer's coverage recommendations and all applicable codes.	\$20	NA
51A	Wall Mounted Occupancy Sensors	50	Occupancy Sensors must operate as Automatic ON and OFF. Sensors are wall-mounted devices only. Comply with manufacturer's coverage recommendations and all applicable codes.	\$20	NA
51B	Wall Mounted Vacancy Occupancy Sensors	50	Vacancy Sensors must operate as Manual ON, Automatic OFF. Sensors are wall-mounted devices only. Comply with manufacturer's coverage recommendations and all applicable codes.	\$20	NA

TERMS AND CONDITIONS

Applicant understands that all funding for rebates under this program derives from the Energy Efficiency Fund which is managed, in part, by Participating Utilities and funded, in part, by their customers. Neither Participating Utility guarantees the availability of funding for this program and neither is responsible for any costs or damages incurred by applicant if funding for this program or the Energy Efficiency Fund is reduced or eliminated by the State of Connecticut, the Public Utilities Regulatory Authority, Department of Energy and Environmental Protection or other State of Connecticut action.

Rebates are subject to funding availability and are subject to change at any time without notice.

APPLICATION OFFER: This rebate program covers eligible products purchased and installed on or after January 1, 2019, through December 31, 2019. Details of the 2019 Express Service Lighting Rebate for Commercial and Industrial Customers ("Program") and rebate levels are subject to change without prior notice. Contact your "Participating Utility" representative for the latest program details. **This application form ("Application") required documentation must be received by January 31, 2020.** Availability of funding is not guaranteed. The utilities reserve the right to cap rebate amounts. **For more information, please call 877-WISE-USE (877-947-3873).**

ELIGIBILITY: Rebates are available to industrial, commercial, institutional, and agricultural electric service customers with a commercial rate code on their electric service. **New construction is NOT eligible.** For major renovations and inspections, contact an authorized utility representative. Residential customers may apply for a rebate for common areas of multi-family housing. All residential multi-family Eversource Energy (Eversource), hereinafter referred to as Eversource, customers must have a commercial revenue code on their account to be eligible for rebates.

PAYMENT: Please allow at least 30 days for payment. **Payment process may take longer if information is missing on Application or a post-inspection is required.**

THIRD-PARTY PAYEE: For a third party to be eligible to receive payment, they must provide complete sale and installation of material and be licensed to perform the work included in the project. Eversource reserves the right to exclude any third party from participation in the program at any time.

REBATE AMOUNT: In no case will your Participating Utility pay more than 100% of the purchase price shown on the invoice.

PRE-APPROVAL AND VERIFICATION: Rebates exceeding \$5,000 must be pre- and post-inspected by an authorized Participating Utility representative. Additionally, Participating Utility reserves the right to inspect any installation prior to issuing rebates. The Participating Utility reserves the right to verify sales transactions and to have reasonable access to your facility, to inspect the equipment installed under this initiative, prior to issuing rebates, or at a later time. All work must be completed in accordance with all applicable codes and all required permits must be obtained. The participating utilities may request copies of any required permitting documentation at any time.

REBATE LEVELS: Rebate levels will be confirmed upon receipt of **detailed invoices** (installation invoice with date of purchase and itemizing cost, lamp/fixture type, make, model and quantity).

TAX LIABILITY: Your Participating Utility will not be responsible for any tax liability that may be imposed on the Customer as a result of the payment of rebates. All Customers must supply their Federal Tax Identification Number or Social Security Number (IRS W9 Form) as part of this Application to receive a rebate.

ENDORSEMENT: Your Participating Utility does not endorse any particular manufacturer, product, or system design in promoting this Program. All LED fixtures or lamps must be ENERGY STAR® or DesignLights™ Consortium qualified. The lists of qualifying products can be found at www.energystar.gov and www.designlights.org, respectively.

FORWARD CAPACITY MARKET AND CLASS III CREDITS:

ISO-NE CAPACITY PAYMENTS: By signing this document, and as a condition to receiving a rebate pursuant to this program, the customer acknowledges and agrees that any and all payments, benefits and/or credits associated with or applicable to the customer's participation in the program that is the subject of this Agreement in connection with the ISO New England, Inc. Forward Capacity Market ("FCM") or any existing, successor or replacement markets, (including, but not limited to, any and all transitional FCM credits or payments or any and all other capacity-related credits, payments and/or benefits for which such customer is eligible) shall be deemed as and form capacity payments, credits and/or benefits of The Connecticut Light and Power Company doing business as Eversource Energy (Eversource), as applicable. The customer hereby assigns to Eversource, as applicable, all of its right, title and interest in and to any and all such capacity payments, credits and/or benefits, and agrees to take any and all action, including executing and delivering any and all documentation and/or instruments, as requested by Eversource, as applicable, to evidence the same. FCM means the market for procuring capacity pursuant to ISO-NE Tariff, FERC Electric Tariff No. 3, Section III, Market Rule 1, Section 13, any modifications to the FCM, or any successor or replacement market/capacity procurement process.

CLASS III CONSERVATION CREDITS: Any Class III renewable energy credits and/or conservation credits received in connection with this program shall be retained by the Companies pursuant to the laws of the State of Connecticut and/or applicable PURA decision in effect as of the date hereof.

SPECIFIC REQUIREMENTS: The Participating Utility reserves the right to modify payment options and restrict the amount of the rebate available for facilities using self-generation for non-emergency purposes.

U.L. LISTING: Items eligible for a rebate must be U.L. listed. Reflectors must be U.L. classified.

WATTAGE REDUCTION: There must be at least a 10% system wattage reduction between the old and new system wattage for product to qualify.

REFLECTORS: It is recommended that a sample area of reflectors be installed to ensure satisfaction with light output and distribution. Lamps must be re-centered after original lamps are removed.

WARRANTY: The Utilities do not warranty the performance of the energy efficiency measures, and do not guarantee that the listed measures will result in energy and/or cost savings.
