**EXAMPLES: HOW TO FILL OUT THE LIGHTING REBATE APPLICATION**

**EXAMPLE: LIGHTING FIXTURES AND LAMPS**

Write out the lamp description or use fixture codes from the document.

Existing Lamp/Fixture			Annual Hours of Use	New Lamp/Fixture					
Quantity	Description of Fixture	Watts/Fixture		Quantity	Description of Fixture	Measure Code	Watts/Fixture	Rebate per Fixture	Total Measure Rebate
30	3 lamp, 4 foot, T12 fixture	151	2,187	30	Interior LED Tier 1	37A	40	\$30	\$900

**EXAMPLE: LIGHTING CONTROLS**

1	3 lamp, 4 foot, T8 No Controls	96	2,187	1	Wall Mounted Occ. Sensor	51A	96	\$20	\$20
For <b>Existing Quantity</b> , enter Annual Hours of Use.			For <b>New or Final Quantity</b> , enter number of fixtures controlled and average wattage of fixtures controlled.						

**Fixtures & Retrofits: Questions regarding how to complete this form or status of your claim, call 844-342-4575.**

Existing Case			Annual Hours of Use	New or Final Case					
Quantity	Description of Old Fixture	Watts/Fixture		Quantity	Description of New Fixture	Measure Code	Watts/Fixture	Rebate per Fixture	Total Measure Rebate
<b>TOTAL REBATE</b>								<b>\$</b>	

If rebate is over \$5,000 a pre-inspection by the utility is required. To schedule a pre-inspection call 877-WISE USE (877-947-3873).

**Customer Certification Agreement** (Please Read Carefully)

I certify that I have purchased and installed the indicated energy-saving lighting products on or after January 1, 2018, for use at the service address listed above and not for resale. I have attached the itemized proof of purchase (sales slip or invoice, including model numbers of lamps, etc.). I agree to a verification by a Utility representative of both the sales transaction and product installation and also allow Utility access to pre- and post-monitor the installation. Falsifying any of the above information will void this rebate application and any future rebate applications. I agree that to qualify for 100% of the rebate or account credit, I must be receiving a substantial amount of electricity needed by the facility where the lighting equipment is installed, via Utilities' distribution equipment, otherwise the rebate will be prorated by multiplying the full rebate by the percentage of the facility's total electrical needs that is delivered via Utilities' distribution equipment.

**Customer Printed Name**

**Customer Signature** (required)

39	<b>LED or LEC (Electroluminescence) Exit Fixtures</b>	5	All materials and assembled units shall comply with all applicable codes and standards including (but not limited to) Federal/State/Local building, fire, and electrical codes, and may require designated egress lighting to comply with such codes. Exit sign retrofit kits are not eligible.	\$10	
55	<b>LED Linear Replacement Lamp – 4 Foot</b>	15	Four foot linear T8 replacement lamp currently listed on the Design Lights Consortium qualified products list Electrical modification to existing fixture may not be required. Not for use with T12 magnetic ballasts	\$5	
56	<b>LED Linear Replacement Lamp – 2 Foot</b>	7	Two foot linear T8 replacement lamp currently listed on the Design Lights Consortium qualified products list Not for use with T12 magnetic ballasts	\$5	
57	<b>LED U-Bend Replacement Lamp</b>	6	Four foot linear T8 replacement lamp currently listed on the Design Lights Consortium qualified products list. Not for use with T12 magnetic ballasts	\$8	

**Table C: Lighting Sensors**

Measure Code	Measure Description	Min. Watts Controlled	Eligibility Criteria	Per Fixture Rebate	
50	<b>Ceiling Mounted Occupancy Sensors</b>	100	Ceiling mounted control with no manual “ON” overrides. Comply with manufacturer’s coverage recommendations and all applicable codes.	\$20	
51A	<b>Wall Mounted Occupancy Sensors</b>	50	Occupancy Sensors must operate as Automatic ON and OFF. Sensors are wall-mounted devices only. Comply with manufacturer’s coverage recommendations and all applicable codes.	\$20	
51B	<b>Wall Mounted Vacancy Occupancy Sensors</b>	50	Vacancy Sensors must operate as Manual ON, Automatic OFF. Sensors are wall-mounted devices only. Comply with manufacturer’s coverage recommendations and all applicable codes.	\$20	

## TERMS AND CONDITIONS

Applicant understands that all funding for rebates under this program derives from the Energy Efficiency Fund which is managed, in part, by Participating Utilities and funded, in part, by their customers. Neither Participating Utility guarantees the availability of funding for this program and neither is responsible for any costs or damages incurred by applicant if funding for this program or the Energy Efficiency Fund is reduced or eliminated by the State of Connecticut, the Public Utilities Regulatory Authority, Department of Energy and Environmental Protection or other State of Connecticut action.

**Rebates are subject to funding availability and are subject to change at any time without notice.**

**APPLICATION OFFER:** This rebate program covers eligible products purchased and installed on or after January 1, 2018, through December 31, 2018. Details of the 2018 Express Service Lighting Rebate for Commercial and Industrial Customers ("Program") and rebate levels are subject to change without prior notice. Contact your "Participating Utility" representative for the latest program details. **This application form ("Application") required documentation must be received by January 31, 2019.** Availability of funding is not guaranteed. The utilities reserve the right to cap rebate amounts. **For more information, please call 877-WISE-USE (877-947-3873).**

**ELIGIBILITY:** Rebates are available to industrial, commercial, institutional, and agricultural electric service customers with a commercial rate code on their electric service. **New construction is NOT eligible.** For major renovations and inspections, contact an authorized utility representative. Residential customers may apply for a rebate for common areas of multi-family housing. All residential multi-family Eversource Energy (Eversource), hereinafter referred to as Eversource, customers must have a commercial revenue code on their account to be eligible for rebates.

**PAYMENT:** Please allow at least 30 days for payment. **Payment process may take longer if information is missing on Application or a post-inspection is required..**

**REBATE AMOUNT:** In no case will your Participating Utility pay more than 100% of the purchase price shown on the invoice.

**PRE-APPROVAL AND VERIFICATION:** Rebates exceeding \$5,000 must be pre- and post-inspected by an authorized Participating Utility representative. Additionally, Participating Utility reserves the right to inspect any installation prior to issuing rebates.

**REBATE LEVELS:** Rebate levels will be confirmed upon receipt of **detailed invoices** (installation invoice with date of purchase and itemizing cost, lamp/ fixture type, make, model and quantity).

**TAX LIABILITY:** Your Participating Utility will not be responsible for any tax liability that may be imposed on the Customer as a result of the payment of rebates. All Customers must supply their Federal Tax Identification Number or Social Security Number (IRS W9 Form) as part of this Application to receive a rebate.

**ENDORSEMENT:** Your Participating Utility does not endorse any particular manufacturer, product, or system design in promoting this Program. All LED fixtures or lamps must be ENERGY STAR® or DesignLights™ Consortium qualified. The lists of qualifying products can be found at [www.energystar.gov](http://www.energystar.gov) and [www.designlights.org](http://www.designlights.org), respectively.

### FORWARD CAPACITY MARKET AND CLASS III CREDITS:

**ISO-NE CAPACITY PAYMENTS:** By signing this document, and as a condition to receiving a rebate pursuant to this program, the customer acknowledges and agrees that any and all payments, benefits and/or credits associated with or applicable to the customer's participation in the program that is the subject of this Agreement in connection with the ISO New England, Inc. Forward Capacity Market ("FCM") or any existing, successor or replacement markets, (including, but not limited to, any and all transitional FCM credits or payments or any and all other capacity-related credits, payments and/or benefits for which such customer is eligible) shall be deemed as and form capacity payments, credits and/or benefits of The Connecticut Light and Power Company doing business as Eversource Energy (Eversource), or The United Illuminating Company (UI), as applicable. The customer hereby assigns to Eversource or UI, as applicable, all of its right, title and interest in and to any and all such capacity payments, credits and/or benefits, and agrees to take any and all action, including executing and delivering any and all documentation and/or instruments, as requested by Eversource or UI, as applicable, to evidence the same. FCM means the market for procuring capacity pursuant to ISO-NE Tariff, FERC Electric Tariff No. 3, Section III, Market Rule 1, Section 13, any modifications to the FCM, or any successor or replacement market/capacity procurement process.

**CLASS III CONSERVATION CREDITS:** Any Class III renewable energy credits and/or conservation credits received in connection with this program shall be retained by the Companies pursuant to the laws of the State of Connecticut and/or applicable PURA decision in effect as of the date hereof.

**SPECIFIC REQUIREMENTS:** The Participating Utility reserves the right to modify payment options and restrict the amount of the rebate available for facilities using self-generation for non-emergency purposes.

**U.L. LISTING:** Items eligible for a rebate must be U.L. listed. Reflectors must be U.L. classified.

**WATTAGE REDUCTION:** There must be at least a 10% system wattage reduction between the old and new system wattage for product to qualify.

**REFLECTORS:** It is recommended that a sample area of reflectors be installed to ensure satisfaction with light output and distribution. Lamps must be re-centered after original lamps are removed.

**WARRANTY:** The Utilities do not warranty the performance of the energy efficiency measures, and do not guarantee that the listed measures will result in energy and/or cost savings.
