

CT SOLAR LEASE CUSTOMER PROJECT GUIDE

- 1. APPLY for the CT Solar Lease with AFC First at:**
<https://secure2.afcfirst.com/applications/ctsolarlease>
- 2. SELECT A CONTRACTOR**
Your contractor will prepare a project work order for your review and signature
- 3. SIGN YOUR CT SOLAR LEASE WITH AFC FIRST**
Your contractor will receive notice from AFC First that you have signed your CT Solar Lease and that the 3-day rescission period has passed.
- 4. YOUR PROJECT BEGINS**
Contractor will order equipment, schedule your installation, and complete additional necessary lease paperwork to receive a notice-to-energize¹. When equipment is delivered to your site, you will be asked to sign an Equipment Delivery Certification Form. Once your project is successfully installed, your contractor may schedule local and utility inspections.
- 5. LEASE PAYMENTS**
You will receive your first bill from AFC First on either the 1st or the 15th of the following month after your system is energized and producing power.

Your CEFIA (final) inspection will be scheduled after your system is permanently energized and your contractor submits final paperwork to CEFIA documenting project completion, and municipal and utility approvals.

¹Your contractor MUST NOT permanently energize your PV system prior to the leasing company providing notice-to-energize. If your system is energized before this notice is provided, your lease transaction will be void.
